Stanley Miller owns 3 parcels on Miller Road that has multiple structures that he only uses for storage. He would like his EDU lowered. The only way this could be possible is by merging his two parcels that touch or remove all kitchen and bathroom fixtures that use water.

Norma Newman updated the committee about the most recent Barton & Loguidice water update.

The Water Advisory Committee recommends that the Town Board look into the properties of Gerald Bednarski as he has two properties in two different school districts. A motion was made by Wayne Miller and seconded by Pat McDougal.

Motion carried.

Lee Gokey of Chipman Lane requested that the committee look at his parcel again regarding his 1.50 EDU. Mr. Gokey claims that this is no water to his garage/boat house. Chairman Newman will be visiting the property this weekend.

Stanley Miller had questions regarding curb stop placement and Agricultural districts/exemptions.

Chairman Newman requested each Water Advisory Committee member contact the Town's bookkeeper and let her know if they want to be paid their monthly salary or not. There has been some confusion regarding this.

**Next Meeting Date:** Monday, February 25, 2019 at 6pm.

On motion by Roy Narish, seconded by Pat McDougal, and carried unanimously, the meeting was adjourned at 6:51 PM.

Respectfully submitted,

Brittany M. Washburn  
Water Clerk
