Motion carried.

Chairman Newman informed the committee that the most recent Barton & Loguidice water update is available and online.

Chairman Newman also discussed the EDU chart. The committee agreed that the current schedule is fine.

Norma Newman informed the water committee that the Town of Mexico does not assign EDU's to their farm properties. Most farms are usually in an agricultural district and are exempt from an EDU charge unless a home or building is connected to public water.

John Wood Jr., also informed the committee that the Town of Hounsfield charges an EDU to each building on a parcel that uses water.

Chairman Newman explained that the water committee will need to check properties against the EDU's assigned in the Map, Plan, and Report. This will take some time as the Assessor's office will need to input the data into her software first.

There will be no water advisory committee meeting in August.

Chairman Newman explained that due to low committee member attendance, members will need to notify Norma Newman if they are going to attend or not attend future meetings.

Next Meeting Date: Monday, September 24, 2018 at 6pm.

On motion by Wayne Miller, seconded by Pat McDougal, and carried unanimously, the meeting was adjourned at 6:17 PM.

Respectfully submitted

Brittany M. Washburn
Water Clerk
