Public Comment:

Janelle Bettinger expressed interest in public water to her home. Bruce Johnson is not in favor of public water. However, he understands that there are people who desperately need water.

Michael Kastler the Water Superintendent gave an update. All contract #6 pipes are in and passed all testing. Water District #2 punch list items have been addressed. There is additional seeding needed. We have received letters of support from Assemblyman William Barclay, and County Legislator Margaret Kastler. We had a great turnout for the Elms informational meeting on August 7, 2016. Approximately, 80-90+ people were in attendance for this meeting.
