The above is a courtesy list of contractors available in our area. WE CANNOT RECOMMEND ANY ONE CONTRACTOR. They are listed alphabetically by business name as it appears in the phone book. You may hire a contractor to install or install it yourself. It is up to you to choose a contractor/plumber that is reliable, knowledgeable, and insured. There may be others that are not on the list. The town does not assume liability. You are liable for your own contractor. There are installation instructions available in the town clerk's office and inspections are required.

SC Town Supervisor
